PROFESSIONAL EXPERIENCE

Software Engineer
Yectra Technologies, Coimbatore | Oct 2025 – Present

- Developed and enhanced the CutsRClips web application using Next.js, React.js, TypeScript, AWS Amplify, and Amazon DynamoDB.
- Designed data models and implemented CRUD operations, REST API integrations, search, filtering, and database-driven application features.
- Built reusable and responsive UI components using React.js, Next.js, TypeScript, and Material UI.
- Developed and integrated frontend and backend modules to support end-to-end application workflows.
- Implemented authentication, API integration, data management, and responsive user interfaces based on business requirements.
- Improved application performance and resolved production issues to maintain application stability.

- Collaborated with UK clients and cross-functional teams in an Agile development environment.
- Supported feature development, testing, deployment, maintenance, and production support.

Full Stack Developer & UI/UX Designer
Violet Infotech, Coimbatore | May 2024 – Aug 2025

- Developed full-stack web applications for Zebra Sign World, Magudam Education, SBind, and Pharmacy ERP using React.js, Next.js, Django REST Framework, JavaScript, HTML, CSS, and Bootstrap.
- Developed responsive and reusable frontend components based on business and client requirements.
- Integrated REST APIs with frontend applications and implemented CRUD workflows for business modules.
- Developed dashboards, forms, data tables, search, filtering, and responsive user interfaces.
- Worked on backend API integration using Django REST Framework and database-driven application features.
- Designed user interfaces with a focus on usability, responsive layouts, and consistent user experience.
- Performed application testing, debugging, deployment, maintenance, and production support.
- Collaborated with clients and team members to understand requirements and deliver project features.

React & SEO Executive
Thiran Infotech, Coimbatore | Apr 2023 – May 2024

- Developed responsive hotel booking interfaces for AshHotels, Ashroomz, and Pavico using React.js and Tailwind CSS.
- Integrated RESTful APIs with Laravel backend services.
- Implemented SEO optimization and website performance improvements.
- Managed Google Ads campaigns, contributing to a 80% increase in website traffic.
- Created marketing banners and social media content using Canva.
